While coconut in itself possesses many health benefits, mainly because of its nutritional content and high fiber, it s the oil that makes it stand out! Coconut oil was once mistakenly believed to be unhealthy due to its high saturated fat content. However, today, it is recognized that the fat in coconut oil is unique. It is different from most other fats and has the capacity to provide a number of health giving properties. Coconut oil is a blessing for your hair and is extremely powerful when it comes to treat various problems related to hair. The desire to look hairy headed is present in almost every person. We often resort to expensive and dangerous hair treatments that involve use of harsh chemicals. Coconut oil has been recognized as the treatment of...
