## MOLECULAR DYNAMICS SIMULATION OF GRAIN BOUNDARY MIGRATION

Cuvillier Verlag Mrz 2012, 2012. Taschenbuch. Book Condition: Neu. 212x147x9 mm. Neuware - Migration of tilt grain boundaries (GBs) in aluminum has been simulated in a wide temperature range with various magnitudes of driving force. It is found that under different conditions GBs migrate through either a diffusionless or a diffusional mechanism. The essence of the diffusionless mechanism is determined to be GB dislocation glide. This mechanism agrees with many previously reported mechanisms, consisting of the collective motion of atom...

### Reviews

*The publication is fantastic and great. It can be rally exciting throuh reading period of time. I am just very happy to inform you that this is the greatest publication i actually have read in my very own daily life and could be he very best ebook for at any time.*

-- **Prof. Alvis Wuckert**

*An extremely amazing publication with lucid and perfect answers. It is writter in easy phrases instead of confusing. I am just very happy to inform you that this is the best pdf we have read in my own daily life and can be he greatest publication for at any time.*

-- **Mrs. Madonna Bosco**

*This created publication is wonderful. It really is basic but shocks within the 50 % from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*
